

The Family Prayer Cube

Suitable for children aged 3-7.

Option 1:

- Copy and cut out the prayer cube pictures (see following page).
- Attach one picture to each side of a cube.

Option 2:

- Copy and cut out the prayer cube pictures (see following page).

Step 1:

- Do not ask your child, 'Would you like to pray?'
- Instead ask your child one of the following questions.
 - Would you like to roll/turn the cube?
 - Which picture would you like to choose?

Step 2:

- Read the words on the picture rolled/chosen by your child.
- Encourage your child to use these words to begin his/her prayer.
- If your child is very young or unsure, use the words rolled/chosen by your child and pray a simple 'copy prayer' for your child to repeat.
- Be sure to pray in short phrases so that it's easy for them to copy.
- One day they'll say they don't need to do a 'copy prayer' because they're big enough to do it on their own.
